## RUSK COUNTY APPRAISAL DISTRICT 2021 LOCAL ANNUAL REPORT

The Rusk County Appraisal District is a political subdivision of the State of Texas. Appraisal Districts were created and governed by the Texas Property Tax Code. The Code was created in 1979 by legislation known as the Peveto Bill. Prior to the creation of the appraisal districts, all taxing entities were responsible for appraisals within their jurisdictions. Often the same property could have several appraised values on it, dependent on the number of taxing units that the property was located, such as the County, City and School District. The Peveto Bill created one appraisal district within each county to appraise properties for all taxing entities at 100% market value with fairness and equality and the abolishment of assessment ratios. The plan was to create a level playing field where no one would be subject to paying taxes based on more or less their fair share.

Rusk County Appraisal District is here to serve you through discovering, listing and appraising your property fairly and uniformly. The Appraisal District is not a taxing entity and does not set tax rates or collect taxes. The District has many responsibilities and we must be good stewards. We are here to serve you, the property owners of Rusk County, and we are committed to performing our work with courtesy, professionalism and excellence.
